Thanks; we will have some additional suggestions in the am. If we are shooting for sending comments on Monday, we should be okay.

We esp. need to make reference to the new addition to Chapter 4 that FHWA/Corps sent on Monday, explaining their reasons for not looking at the Morgan alternative. Seems like that will significantly change our approach to these comments. I will let Cynthia know that there is a new version of Chapter 4 that will require some additional work/edits to the comments.

Can you take a stab at addressing the new addition to Chapter 4?

Please find attached revised comments on the Preliminary Chapter 4 of the SDEIS.

Thanks.
